## Communicate with confidence

### face2face

Second edition

Chris Redston and Gillie Cunningham

COMPLETE BEGINNER TO ADVANCED

Starter: 60 to 90 teaching hours

Elementary to Advanced: 80 to 120 teaching hours

face2face Second edition is the flexible, easy-to-teach course for busy teachers who want to get their learners to communicate quickly and with confidence. Using engaging topics, additional teacher support materials, and a focus on speaking and listening, face2face Second edition will get your students talking!

- Unlike other courses, face2face Second edition actually teaches students to listen better by drawing their attention to the elements of spoken English that make it so hard for them to understand
- By giving students time to formulate the ideas and language they want to use before they speak, the course helps to build both spoken fluency and accuracy
- 'Help with...' sections cover listening, speaking, grammar and pronunciation and teach students how English really works; meaning students can apply what they learn more readily and with more confidence outside the classroom
- The new video-based 'Real World' lessons included in every unit give students the practical, day-to-day language they will need in their lives
- face2face Second edition is informed by the Cambridge English Corpus and its vocabulary syllabus has been mapped to the English Vocabulary Profile, meaning students learn the language they really need to know at each CEFR level

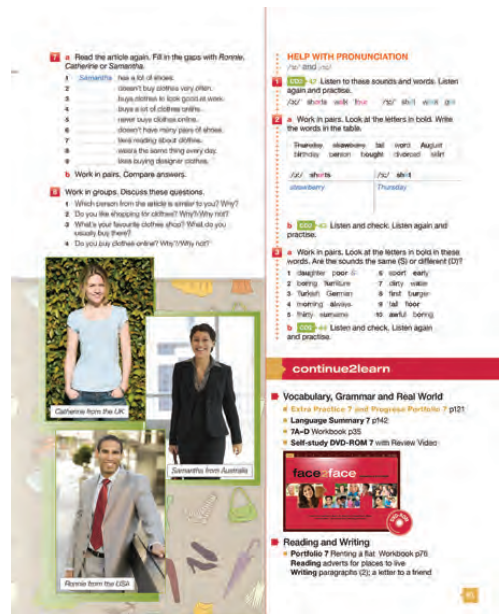

### NEW Presentation Plus

Provides the complete Student's Book content with built-in annotation tools, embedded audio, and class video in an easy-to-operate format for interactive whiteboards or computers and projectors.

*"The new version of face2face is just great! I am not simply talking on the teacher's side but I guess that students will be excited too! It's colourful, modern, varied... and the DVD-ROM is extremely user friendly. I am an absolute fan."*
